About iQuanta?

Founded in 2015 by Indrajeet Singh, iQuanta began as a Facebook doubt-solving group from a small apartment. With strong expertise in Quants, he earned the title 'Wizard of Quant' by solving thousands of students' queries with clarity and speed. Noticing the lack of quality guidance for CAT aspirants, he officially launched iQuanta to bridge this gap.

Over the years, iQuanta has continued to support over 4 lakh students through its active online communities, offering resources, and peer-driven learning. In the last 5 years, more than 8,000 students have converted IIMs. In 2024, iQuanta produced 500+ 99 percentilers, many of whom made it to top IIMs. iQuanta continues to guide thousands of aspirants on their journey to top B-schools.

CAT 2026-27 Verbal Ability & Reading Comprehension (VARC) Syllabus

SYLLABUS	NUMBER OF QUESTIONS
Reading Comprehension (RC)-- 4 RC Sets of 4 Questions Each	16
Para Summary	1-3
Odd One Out	1-3
Para Jumble	1-3*
Para Completion	1-3
Total	24

Note: The symbol '*' indicates that this topic did not appear in the CAT 2024 exam but has a high chance of appearing in the CAT 2025 exam.

CAT Reading Comprehension (RC) Genres

History	Society & Politics	Psychology & Philosophy
Art & Culture	Environmental	Abstract
Business & Economics	Science & Technology	

Note: Reading Comprehension genres are vast and diverse. It is recommended to read a variety of genres regularly to improve understanding and comprehension skills.

CAT Verbal Ability (VA) Syllabus

TOPICS	DETAILS
Para Summary	A short paragraph will be given, and candidates are required to select the option that best summarizes the paragraph.
Para Jumbles	4 Jumbled Sentences will be given, and candidates must arrange them in the most logical order.
Para Completion	A sentence will be given that is missing from its most logical position in a short paragraph. Candidates must identify and place it correctly.
Odd One Out	Five jumbled sentences will be provided, one of which will be irrelevant to the context. Candidates must identify the out-of-context sentence.

CAT 2026-27 Data Interpretation & Logical Reasoning (DILR) Syllabus

Puzzles	Ranking & Order	Routes & Network
Venn Diagrams	Scatter Chart	Games & Tournaments
Linear Arrangement	Quant-based DI	Selection & Distribution
Circular Arrangement	Quant-based LR	Line & Bar Graphs
Caselets	Table & Graphs	Binary Logics
Pie Charts	DI Tables	Cubes

What makes iQuanta the best CAT preparation platform?

iQuanta's Dual Pedagogy

✓ Application Classes ✓ Live Interactive Classes

It's hard to stay focused in class when you're just listening. Our attention spans are short, and we tend to zone out after a while. This makes it easy to miss important concepts.

That's why iQuanta's dual pedagogy works better. It doesn't just explain the theory, it also helps you apply it through practice. This way, you stay involved, understand better, and cover every concept without gaps, just like a 99 percentile.

Aditya Dhongde

2h · 🌐

I have not interacted so much in the classes but I want to genuinely share my gratitude towards iQuanta. Without them, my preparation would have been half-hearted. I can't even believe how disciplined I was during these last 60 days. Whichever part of the town I was, I made sure that I was sitting in front of my laptop at 10 pm for the application classes. I can't explain how helpful the faculty of iQuanta were. Apart from academics they have also acted to strengthen our mindset for the exam. Whatever the result will be (I know it will be good) I have honestly enjoyed my CAT preparation journey. Thanks a lot to iQuanta!!!!

Aditya Jha

The last 2 months with iQuanta was an amazing experience for me. Truly loving their Dual pedagogy sessions. All the faculty members are amazing. Have progressed a lot from where I was 2 months back. Their doubt clearing facility is amazing. Looking forward to have even more good time with iQuanta in next 7-8 months and Crack CAT with flying colours!!!
